

Parent Steering Committee
Minutes
January 28, 2019

Present: Kristy Ouellette, Glenn Douglass, Robert Best, Kim Lavallee
Absent: John DiPietro

The committee discussed different programs and events parents have expressed an interest in. Parents have expressed an interest in college nights, career planning, mental health awareness, and other requests.

The committee will create a survey that asks questions about the types of program the school community is interested in. The survey will be sent out to all currently enrolled parents and will include sample ideas as well as give parents the opportunity to suggest ideas.

The committee addressed communication regarding potential PSC board seats that may need to be filled during the June, 2019 organizational meeting. Currently, there are no seats expected to open on the Board of Trustees. If this changes, the PSC will move to recruit candidates.

Results will be discussed at the next PSC meeting.
